

The Coming One!

When Jesus leaves heaven - for the second time! – things will really happen.

On His earlier visit to planet earth, even though He entered as a babe at Bethlehem and came “meek and lowly in heart” (Matthew 11.29), what a stir he caused, triggering events never before witnessed by man.

The sins of the whole world were dealt with! (No other man in all history has ever been acknowledged as the Saviour of the world). Graves were opened, and people returned to life! (Matthew 27.52-53) Jesus rose from the dead, a conqueror of death and hell! (Matthew 28.6). And His disciples were said to have “turned the world upside down”! (Acts 17.6)

Since that time, what a powerful influence upon history He has had. His impact is still being felt on every continent almost two thousand years later.

And His next coming will also shock the world.

The earth-shaking events will go beyond anything ever experienced in the entire history of mankind.

Every world kingdom will fall! Righteousness will reign! Satan will be bound! Sin will be outlawed!

All unbelievers who have ever lived will finally be judged!

Revelation, chapters 19 and 20).

What excitement the future holds! The disciples of Jesus certainly think so.
