

## Got questions? Part 2

Up till now, the following may be *questions you didn't know you had!*

**First**, who am I? Am I an accident? Am I here by chance? Or am I God's creation? Some people don't want to know. Some may say there is no way of knowing. But if I am open to those questions, that can lead me to the next one.

**Second**, why am I here? Sometimes, when unexpected things happen to us, we may say “Why am I in this situation?” It can become one of those questions we didn't know we had!

The answer is that, wherever we are, *God put us there*. He has a purpose for each life on earth and he says, “I will guide you.” Psalm 32.8.

But what if we don't want his guidance? That leads to the next question.

**Third**, where am I going? If I don't know the answer, then death can be scary. It could be another of those questions we didn't know we had.

Christians are going to be with God in the next life simply because they accept God's offer of his *love and forgiveness*.

Who can tell you where you are going? Not Google. Only God.
