

Discovering God

There are only three ways by which we can know about God.

First, through his Creation. Just look at the sun or the stars. Or inspect any leaf on a tree, or the wonders of the human body, or of any living cell. Would we dare to say that all this just came into existence by itself?

Second, through his Scriptures. This is a discovery of a different kind. These writings are like no other, having never gone out of date, having never proved false, with predictions that are in our own day being accurately fulfilled before our eyes!

It is because the Bible is God speaking to us that this book of such antiquity is able to be without mistake. And God's words are true – “it is impossible for God to lie.” Hebrews 6.18.

Third, through his Son, the Lord Jesus Christ. The better we know him, the better we will know God because Jesus said, “I am in the Father, and the Father in me.” John 14.10.

To know Jesus better there is no substitute for diligently absorbing what is revealed about him in the four Gospels – Matthew, Mark, Luke and John. Don't delay. Start reading them today.
