

# Partner with God Part 1

## What this means

Does the God of Creation really want us to partner with him?

Why else would he do the most astounding thing ever witnessed by mankind? The apostle John explains – our great Creator “was made flesh, and dwelt among us.”!! John 1.14.

His reason for doing this? He had a compelling purpose for visiting the world. We have a sin problem which only God could remedy. The amazing solution of Jesus (God in the flesh) was to take our sins upon himself! He “once suffered for sins, the just for the unjust, that he might bring us to God.” 1 Peter 3.18.

Yes, he came to be our sin-bearer, our saviour. When he was born into the world it was made known that he was to be called Jesus (which means *saviour*) “for he will save his people from their sins.” Matthew 1.21.

But as the Bible says (Romans 10.14) how can the world of men know all this unless someone tells them?

That's where partnering with God becomes important. As his ambassadors we inform the world of the one and only Saviour from sin.

See the result. Multitudes worldwide have accepted this great message of Jesus our sin-bearer. Have you?
