

The gift of Faith.

Is faith a gift from God?

I have come to the conclusion that faith is a gift from God.

The Bible tells us in Ephesians 2:8-9 , “For by grace you have been saved through faith; [and] that not of yourselves: it is the gift of God:

Both Grace and Faith are not of yourselves, therefore they are gifts.

Well, a gift is something that has to be given to you and what is given to you is something that you do not already possess.

This gift from God can be confirmed in many of the scriptures in the Bible.
